DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the present claims are allowable over the prior art of record because the prior art fails to disclose electrode assemblies satisfying the specific structural relationship as recited in independent claims 1 and 20. In the examiner's opinion, it would not have been obvious to a person of ordinary skill in the art to make this modification in view of the teachings of Fan et al'203, the JP'100 publication and Nakanishi et al'211.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
